Grand Round Series in Cardiovascular Imaging – Online Webinars

This Online Grand Round Series in Cardiovascular Imaging features internationally renowned experts in the field of cardiovascular imaging from various fields, including cardiology, radiology and biomedical engineering. State-of-the art lectures about various cardiovascular disease will be delivered, from grown-up congenital heart disease and aortic syndrome to ischemic and valvular heart disease as well as image-guided interventions. We welcome all interested people to join us for this exciting online series!

Prof. Dr. Marc Dweck, Centre for Cardiovascular Science, Edinburgh – *Imaging in Aortic stenosis* - Thursday August 18, 2022, 1 pm CET

Prof. Dr. Filippo Cademartiri, Fondazione Toscana "Gabriele Monasterio" - Heart Center, Ospedale "San Cataldo" di Pisa – *Cardiac CT - a complete functional tool* – Wednesday September 28, 2022, 1 pm CET

Prof. Dr. Steffen Petersen, Barts Heart Centre, St Bartholomew's, Barts Health NHS Trust, London, *Cardiac Imaging & UK Biobank* – Friday October 28, 2022, 1 pm CET

Prof. Dr. Dominik Fleischmann, Department of Radiology, Stanford University School of Medicine – *Aortic Dissection Type B - which signs predict the risk of late adverse events?* – Friday November 18, 2022, 5 pm CET

Prof. Dr. Chiara Bucciarelli-Ducci, Royal Brompton and Harefield Hospitals, Guys' and St Thomas NHS Trust and School of Biomedical Engineering and Imaging Sciences - *CMR in acute chest pain* – Tuesday December 6, 2022, 1 pm CET

Prof. Dr. Joachim Wildberger, Department of Radiology and Nuclear Medicine, Maastricht UMC+ - *Contrast media and kidney function - what matters?* – Friday January 20, 2023, 1 pm CET

Prof. Dr. Vivek Muthurangu, Centre for Cardiovascular Imaging, Institute of Cardiovascular Science, University College London - *Advanced cardiac imaging in congenital heart disease* – Thursday February 9, 2023, 1 pm CET

Prof. Dr. Jonathon Leipsic, Department of Radiology, St. Paul's Hospital, Vancouver - *Thrombus, Pannus, HALT: Disentangling the CT findings and nomenclature for imaging of the cardiac valves* – Thursday 23, March 2023, 5 pm CET

Prof. Dr. Pál Maurovich Horvat - *The DISCHARGE Trial – Cardiac CT as the alternative to invasive catheter angiography in stable chest pain* – Thursday April 13, 2023, 1 pm CET

Prof. Dr. Sebastian Kozerke, Institute for Biomedical Engineering, University and ETH Zurich – *New developments in CMR Imaging* – Thursday May 15, 2023, 1 pm CET

Contacts

Institute for Diagnostic and Interventional Radiology
Clinic for Cardiology
University Heart Center
Prof. Dr. Robert Manka, robert.manka@usz.ch
Prof. Dr. Hatem Alkadhi, hatem.alkadhi@usz.ch

Time and Place

All events will take place online, duration approx. 30 minutes per lecture plus discussion

Participation

The event is fully digital
