2nd Grand Round Series in Cardiovascular Imaging

After the great success of the first series, we are happy to announce the 2nd Online Grand Round Series in Cardiovascular Imaging of the University Hospital Zurich. The series features internationally renowned experts in the field of cardiovascular imaging from various fields, including cardiology, radiology, and biomedical engineering.

State-of-the art lectures about various cardiovascular disease will be delivered, from ischemic and structural heart disease as well as image-guided interventions.

We welcome all interested people to join us for this exciting online series!
