

EUSOBI Meets IDKD: Fundamentals in Breast Imaging

onsite face-to-face only, no recording

Course Objectives:

1. Teach the participants effective approaches in analysing diagnostic imaging challenges in breast disease.
2. Support participants in maintaining up-to-date knowledge through focused review and case discussions with experts in the field.
3. Teach participants in which setting which imaging examination is most effective.
4. To offer a review and a refresher for residents and fellows, especially in preparation for their Board- and for European Diploma in Breast Imaging (EDBI) examination.

Target Audience:

1. Residents / Fellows preparing for Board Examination and EDBI
2. Certified Radiologists looking for an up-to-date concentrated brush-up
3. Clinicians looking for an overview on current knowledge in imaging
