

SSNR Educational Course 2026

Swiss Society of Neuroradiology

Saturday, November 07, 2026 | Inselspital Bern, Auditorium E. Rossi

Scientific Program

Neuroradiological Insights into Neurological Diseases: From Childhood to Adulthood

08:50–09:00 Opening and Welcome
Franca Wagner, Aarau | Johanna Lieb, Basel

09:00–10:30 - Session I
Pediatric and Adult Neuroendocrine Disorders
Moderation: Franca Wagner, Aarau | Johanna Lieb, Basel

**09:00–09:30 - Pituitary and Sellar Pathologies – Anatomy & Congenital Disorders:
Differential diagnosis and common pitfalls**
Sebastian Winklhofer, Zurich

09:30–10:00 - Pituitary and Sellar Acquired Pathologies: Diagnostic pitfalls and differentials
Frauke Kellner-Weldon, Lucerne

10:00–10:30 - Surgical Perspectives on Pituitary Disease
Lukas Anderegg, Aarau
10:30–10:50 - Coffee Break

10:50–12:20 - Session II
Youngsters Session – Interactive Case Battles
Moderation: Sebastian Winklhofer, Zurich | Frauke Kellner-Weldon, Basel

Challenging neuro cases presented by young neuroradiologists and neurologists
(collaboration SYNOR / SAYN)

4 cases: Neuroradiology and Neurology cases - Summary and key learning points
20 minutes per case

12:20–13:10 - Lunch Break

SSNR Educational Course 2026

Swiss Society of Neuroradiology

Saturday, November 07, 2026 | Inselspital Bern, Auditorium E. Rossi

13:10–14:40 - Session III

Neurodegeneration I – Alzheimer & ARIA

Moderation: Felix T. Kurz, Geneva | Piotr Radojewski, Bern

13:10–13:40 - Modern Imaging Biomarkers in Alzheimer’s Disease: MRI, PET and differential diagnosis - Distinguishing Alzheimer’s disease from its mimics

Roland Wiest, Bern

13:40–14:10 - Therapeutic Approaches to Alzheimer’s Disease: Clinical management and current treatment strategies

Bogdan Draganski, Bern

14:10–14:40 - Anti-Amyloid Therapy Monitoring MRI detection and classification of ARIA & Developing a practical ARIA monitoring protocol

Johanna Lieb, Basel

14:40–15:00 - Coffee Break

15:00–16:30 - Session IV

Neurodegeneration II – MS & Neuroinflammation Update

Moderation: Roland Wiest, Bern | Bogdan Draganski, Bern

15:00–15:30 - MS Imaging 2025: Updated MRI criteria, lesion patterns, follow-up strategies Advanced imaging biomarkers

Cristina Granziera, Basel

15:30–16:00- MRI of Autoimmune and Parainfectious Encephalitides: Practical differentiation and important MS mimics

Felix T. Kurz, Geneva

16:00–16:30 - Neuroinflammation Beyond MS: Small Vessel Disease, Vasculitis and Rare Neuroinflammatory Disorders

Piotr Radojewski, Bern
